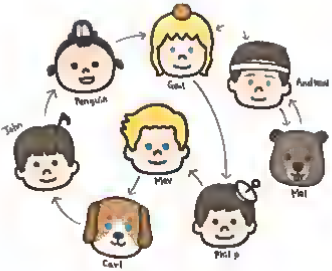
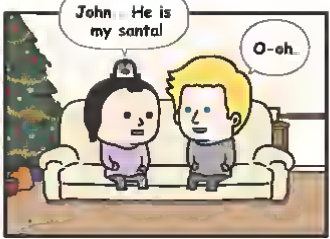
Unexpected Present

A few months ago,
every family memeber picked
a name of all memebers.



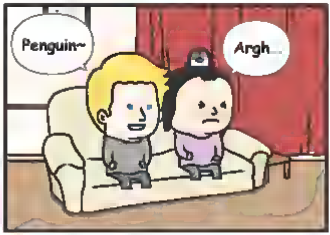
Becase we planned to buy one present only, a part from Gail and Andrew.

A few days before christmas, Mev and I arrived at Gail and Andrew's like always

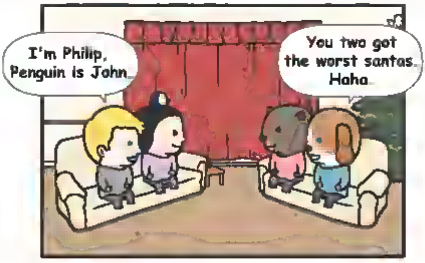


Jahn and Philip always spent time at their mom's on eve and christmas an their dad, Andrew's.

However, this time wasn't same

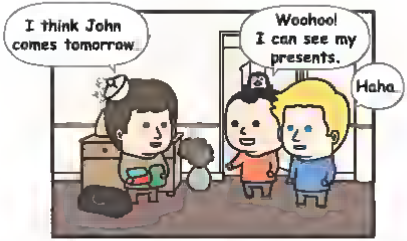


John is only 21
which is a young adult.

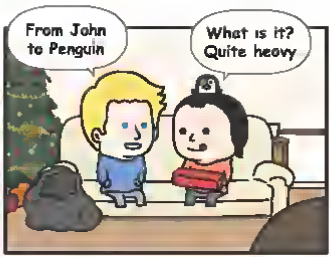


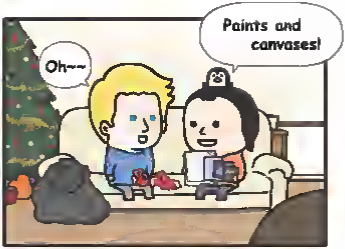
Anyway, I didn't expect much.

On christmas lunch time,
Philip arrived.



There were my presents from John.

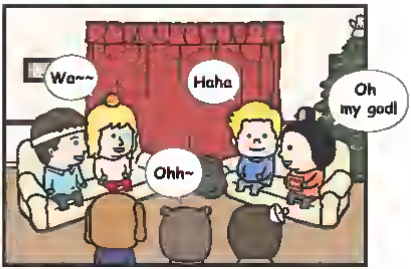




I got some art stuff from John.

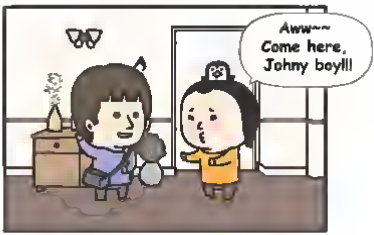
You have one more from him.
Yeah. What is this? I think he already spent enough money for my gifts.

Oh



His last gift was the most lovely among all the other presents, I thought.

And the next day,
when Jahn arrvied at Gail and Andrew's,...



I gave him a BIG hug.

He was
a delicate idiot
